St. Vincent's Medical Center is An Approved Provider of Continuing Nursing Education by The Northeast Multistate Division, An Accredited Approver by The American Nurses Credentialing Center's Commission on Accreditation

Purpose: Discuss the role of Fecal Microbiota Transplantation (FMT) in multi-recurrent Clostridium Difficile infections and determine best practices for implementing a FMT protocol at acute care facilities.

Objectives:

1. Differentiate criteria for patients receiving fecal transplants.
2. Describe the different methods of administration.
3. Present post procedure orders and concerns.
4. Explain the use of related vs unrelated donors.

Refreshments provided by Chamberlin College of Nursing.

Parking in main garage and entrance in Cancer Center.
